## News From Your TOWN HALL

The City Fathers are caught in the wartime game of hiring the other fellow's key men. In this case someone offered the man who drives the garbage truck and has charge of the collections more money and the Fathers didn't see hissing his salary in comparison with the offer.

The man in question verbally offered his resignation and then submitted a written one at the request of the Commission. The resignation was accepted as of the first of the year.

Little Doe is the Commissioner who has garbage in his charge and he is now looking for a combination truck driver and garbage man, and maybe he'll need two for the rush season. Some further facilities and men undoubtedly will be provided to catch up with the collection and keep up.

In the absence of the Mayor Vice Mayor McDonald presided.

### PERCY L. CONE DIES SUDDENLY

Percy L. Cone, 65, a retired farmer of Pahokee, died Sunday night at the home of his brother, Paul Cone in Jupiter, following a brief illness.

He had lived in Pahokee 25 years and was a member of the Masonic lodge there. He was born in Seville, Fla.

Funeral services were held Tuesday afternoon at the Pahokee Baptist church with the Rev. J. E. Dilard of Belle Glade and Rev. C. A. Moberg of Pahokee officiating. The Masonic lodge conducted special services and burial was at Port Mayaca cemetery.

Other survivors are a son, Carl Cone and grandchildren, Carlene and Jerry Cone of Belle Glade; a daughter, Mrs. Cleo Stegling of New York, who is now visiting in Belle Glade; also another brother, Seth Cone of Miami and two sisters, Mrs. Ruth Barker of Daytona Beach and Mrs. Rose Bradley of Miami.

### Vegetable Committee Producing Results

The Florida Vegetable Committee accepts the action of OPA in eliminating points for the purchase of canned beans, as a reward for some of its hard work in Washington, the most recent of which was last week by personal calls, telephone and telegraph.

There are over 500 carloads of canned beans stored in Belle Glade, and this action will hasten their movement, and incidentally INCREASE THE DEMAND FOR YOUR BEANS IN THE SPRING.

## CAP Cadet Corps Forming Here By WPB Unit

### Unusual Advantages To Minors, Both Boys and Girls for Flying Study

The West Palm Beach Florida Wing of the Civilian Air Patrol, through Roy Alsop, will organize and conduct a class of CAP Cadets in Belle Glade for the Glades area.

Classes will be held at the High School and the local airport for boys from fifteen up and for girls from 15 to 25 years of age.

All enrollees must be finished the sophomore class in High School.

On Sunday afternoon all prospective students will be given a ride by a CAP pilot from the West Palm Beach unit, which will have half a dozen planes here for that purpose.

A minor must have a release signed by their parents before going up in the plane.

It is not necessary for a girl or a boy to have been already enrolled in order to take a ride, as the purpose of the ride is to interest prospective students.

There is no obligation for military service in joining of the CAP Cadet Corps, but it prepares boys for the army training and makes it easier for them to enter the Army Cadet schools. For girls the advantages are much more after finishing 35 hours of time the Army will take them over, complete their training and pay them at the same time for work in the Ferry Command service, where the pay is very attractive.

All air corps enlisted reserve members are automatically eligible for the CAPS.

Regulation uniforms, with proper insignia are available to cadets by purchase from Army PX's and Cadets are encouraged to wear the uniforms other than for fatigue time.

## HAPPY NEW YEAR!

JAN.-1  
I RESOLVE

To face each day with courage

To realize the importance of the

little day by contributions of

the war effort.

To cooperate with all special

wartime programs.

To buy more War Bonds and

Stamps.

To accept the curtailment of

special service and the wartime

shortages without complaining.

For the sake of a better world to

come!

TIME has reaped a harvest of blood and tears during the year just past, but there have been good things, too. There has been the conviction that the effort, the material goods, the precious human lives that have been sacrificed have been given for a profoundly worthy cause. There has been the feeling of brotherhood in working together toward a common aim—the disappearance of much petty selfishness—the growing realization of the meaning of a large view, a world view. It is our privilege, in 1944, to strive to bring these good things into even greater prominence, to fight a hard fight with a goal in sight that is richer, finer, because of knowledge that the struggle has given us.

## New Year's Party For Country Club

The Country Club of the Everglades will have its first New Year's Eve at the club house.

Preparations are being made for approximately 100 couples. Special music and favors will be furnished the revelers, and after the Baby New Year has been ushered in properly a chicken supper will be served.

To furnish a souvenir, the club has had issued a booklet

which has a picture history of the club, together with a generous outlay of the Glades.

Mac McCabe, with his assistant, Casper VanLandingham, have secured additional tables and chairs and insured the members a "royal good time."

### FOURTH OF SERIES OF SUNDAY NIGHT LOCAL LECTURES

"America Approaching the Greatest Event in History," has been announced by Pastor-

Evangelist N. M. Harlan as his subject for this coming Sunday evening at the Seventh Day Ad-

ventist Church. This is the fourth lecture of a series of prophetic sermons being given Sunday nights at the church.

"The greatest of events which America and the whole world is fast approaching will affect every man, woman and child. The unerring Word of Bible Prophecy predicts the events and we ought to be posted as to how we should relate ourselves to it," said Pastor Harlan. This lecture will be illustrated with pictures and Bible verses on the screen.

The musical program and song service preceding the lecture begins at 7:30 p. m. A cordial invitation is extended to every one.

## SERVICE MEN who FIGHT and WRITE

she was in a physical education deviation and was awarded two swimming medals.

Prior to her enlistment, Seaman Larriek was a student of Pahokee High and the Florida State Women's College at Tallahassee.

TSGT. J. B. JONES

Sergeant Jones has just returned to Greiner Field, Manchester, New Hampshire after spending a Christmas furlough with his mother, Mrs. J. B. Jones.

P/O LAWRENCE ALTMAN

Flight Officer Altman returns from Sarasota: "Here comes one of the old Glades boys again, and I sure want to tell you I have been enjoying the Herald, it's a lot like getting a letter from home, for it lets me know where some of the boys are and I believe most of the fellows feel the same way about it."

That word has a fullness that only those who have lived under the shadow of Angelic Messengers can understand for we have seen the flap of their wings and

heard the metallic thunder of their voices, but thanks to those reaching fingers took hold of the Japs and not us. We have seen the Nips go down into the sea, as fiery comets—we have seen their base tremble with the quake as though the earth were quaking. It means we are thankful that today we have put our labors of war, that our big guns are silent and that we are anchored in safe waters. Here we will not see enemy periscopes or fear that torpedo waves may

beginning January 1 no applications for supplemental or special license will be accepted by the local ration board unless the application is accompanied by the tire inspection record for the vehicle. If the inspection record shows that the tire needs repairs or recapping, no action will be taken until the tire has received the necessary attention. This action is being taken in order to insure that all possible mileage is obtained from a tire before replacement.

## Despite Off Season And Frost, Glades Ships 293 Solid Cars

### RATION DATES

Sugar  
Stamp No. 29 in Book 4 is good for 5 pounds good through January 15.

Gasoline  
In 17 east coast states A-S coupons are good through February 8.

Shoes  
Stamp No. 15 in Book One good for 1 pair. Stamp No. 1 on the "airplane" sheet in Book Three, good for 1 pair.

Meats, Fats  
Brown stamps L, M, N, P, and Q are good through Jan. 1, 1944. Brown stamp E becomes good December 26 and remains good through January 29.

Processed Foods  
Green stamps D, E, and F in Book Four are good thru January 20.

### Home Nursing Course To Begin Tuesday

A class in Home Nursing will be organized at the Belle Glade High school Tuesday morning at 9:30. Mrs. Turner Wallis, chairman of the Red Cross Home Nursing Corps, West Palm Beach will be the instructor and the course will be sponsored by the Senior Women's Club.

All interested in taking this course are requested to be on hand promptly and enter for account door at the front of the school house, in order to avoid disturbing the classes that are in progress in other parts of the building.

### Cabbage, Celery and Potato Movement To Get In High Soon

Despite the frost and the fact that cabbage and celery are in the early stages of the heavy movement, the Glades let the Yankees and our camps have better than \$350,000 worth of the winter vegetables grown hereabouts during the past seven days.

There were only 75 cars of beans scrapped up from patches left by the frost. Only 22 cars of cabbage were offered and the price was as astounding as last year's. The ceiling of \$1.45 was realized on only a few and they were very good cabbage.

The coming week will see a goodly supply of a good quality cabbage according to reports. A great deal of those already cut were badly burned by the frost and had to be scrapped back.

Potatoes moved from the south end only and reports are that the quality is generally good with an average good yield. The boys paid from \$2.25 to \$3.75, with a few U. S. No. 1's bringing \$3.95 to \$4.35. Sixty cars will get the G. I. boys a lot of spud peeling to do if they haven't one of those new fangled peeling machines.

The north end shipped 14 cars of celery, while the south end got rid of a total of 17 cars. The prices were uniformly good ranging from \$3.50 to \$4.50 according to sizes and grades.

A few peas have been scrapped since the frost and brought a fancy price, as the supply is not very good.

The radish farmers got away 13 cars of radishes and that's a lot of those little red things. The price was good.

The following is the movement to date:

County Roads In Town Given New Top Finishing

A crew of workmen, with asphalt and rock trucks began surfacing all county roads in the Town limits on Thursday and will remain until the job is finished.

A dragnet is occupied at the railroad siding unclogging the top sock to be scattered over the asphalt. A fleet of trucks is busy hauling rock as fast as the asphalt machine spreads this.

Santa Claus seems to have come to the Glades from the road department of the State and the County, to the road from Pahokee to Belle Glade is being rebuilt, and now the County is attempting to make our Town roads passable.

The Mayor and Councilman McDonald have been busy for several weeks filling holes and building new streets.

Looking ahead, 20, 30, 50 years, or more, the food production potentials in the United States are even greater than for the immediate future, the Soil Conservation Service finds. It is possible to add more than 100 million more acres to this crop land. Dr. H. H. Bonner, chief of the Soil Conservation Service, believes, however, he adds that considerable portion of this 100 million acres is pasture land needed for milk production and should not be put in crops unless absolutely necessary.

Bill Schrieber is a Pro of years and years experience, which includes several years as assistant on a Jacksonville course.

Bill's professional experience carried him to several courses in Maryland the last of which was

a Baltimore municipal. Mrs. Bill first knew this "short, dark and handsome" as a student of his, and before long he had her marching up to the preacher's house.

Mrs. Bill and Daphne are welders of the clubs to a marked degree of proficiency, each in her

own class. Mama Pro has broken the ladies course records at more than a half dozen courses.

Other members of the family beside Epom, shown here, are two cats and a dog, all of which have had enough "muck in their shoes" to become permanent fixtures in the Glades.

Seaman Larriek 8 s He has been receiving her Naval boot training at Hunter College, Hunter, New York and was then transferred to Pensacola where she is now connected with a photography laboratory. Before beginning the laboratory work,

**Advertising In War**  
We like the line the War Advertising Council is taking. As a representative of the advertising industry, it is in almost as delicate a position as a newspaper when it attempts to warn consumers about over-optimism and to restrain "parieting" in advertisements. But the Council is doing its best.  
Reporting with pride that in the last year American business has contributed more than \$300,000,000 worth of advertising space and time for war messages, it points out that America is still not stripped for action. Warning of black markets and chiseling it adds:

Women vitally needed in the armed services and war industry are crowding the aisles of department stores and the movie theatres because their men folks are in the money.  
Millions of dollars needed for war bonds are going into high-price neckties, sport shirts, furs and expensive jewelry.

The Council is urging advertisers to do an even better job of helping Americans to gird more wholeheartedly for the struggle. We do not believe the best type of businessman will feel that it is attacking him. Rather he will welcome the reminder:  
Sure we have a perfect right to talk about war products, our essential civilian products and our war contributions, but we don't have to do it in such a way that it almost makes a boy on Bougainville throw up.

This kind of statesmanlike self-restraint deserves wider attention and support among businessmen and the public.—Christian Science Monitor.

**Washington Mania**  
The somewhat smug claim that the "price of rationing system is a success because everyone has been able to acquire the necessities of life," sounds a little ridiculous. In a comparatively sparsely settled, highly fertile land of some three million square miles, the people should be able to eat—especially when they are as intelligent and progressive as the average American.

That the country is eating insipid of and not because of mismanaged bureaus, is evidenced by the fact that in three years time farm wages have increased 132 per cent, feed grains 113 per cent, while fluid milk prices have increased 40 per cent. Live-stock prices are also caught in the deadly squeeze.

As once before, when farmers were forced to slaughter pigs while many people were going hungry in the depression, they again have to get rid of animals for causes beyond their control, and the public cannot buy the meat. And again, it is because of the Washington mania for over-regulation.

**Nothing To Brag About**  
There is strong evidence that the United States is abreast of Great Britain in the struggle to pay the cost of war so far as possible from tax revenues. In this country, latest estimates place total Federal revenues for the current fiscal year at approximately \$45,000,000,000. Total Federal expenditures will be around \$90,000,000,000. This is about the same revenue-cost ratio maintained by Britain, and is apparently the practical maximum.

However, before we begin to brag about the sacrifice we are making in this country, we should consider just who is paying the taxes. Unfortunately, the burden is not distributed evenly. Politics has guided the enactment of our tax laws, with the result that large segments of the voting population have been left comparatively easy, while other groups, corporate enterprise in particular, have been subjected to a crushing burden. This is perhaps the main reason why we have so far not controlled inflation.

The time has come to equalize the tax burden, not pass more punitive tax laws. Once taxes are distributed fairly, problems of economy and inflation can be solved.

**Last Barrier**  
Congress, the bewitched target of cartoonists and scapegoat for most of the country's ills, is actually a part of the last barrier that stands between the American people and outright despotism. The other part is the Supreme Court.

To confirm this fact, one need only consider the recent controversy between a leading merchandising concern, Safeway Stores, and the OPA. Several months ago, in conforming with provisions of the Emergency Price Control Act, Safeway registered complaints with the OPA setting forth certain alleged injustices in the price rules. Congress included a clause in the Act stipulating that such complaints must be acted upon within 30 days by the OPA. In the absence of the privilege of recovering damages, prompt relief from unworkable price decrees is the sole protection of merchandisers.

However, the complaints were not answered within the prescribed period. Safeway then appealed to a special emergency court which held that since OPA had not denied the complaint the cause was not within that court's jurisdiction. In simple terms, the decision, if allowed to stand, would mean that OPA cannot prevent a private citizen from having his day in court.

BONDS OVER AMERICA

**Spirit of Northwest**

At Green Bay, oldest settlement in Wisconsin, there is a heroic statue depicting an Indian, a missionary and an explorer. Nicolas Perrot, Marquette, Joliet and Black Hawk. Sauk Chief, are all remembered.

Many people from distant lands live at peace here in America making a better place for us. Read for yourself what Finland has meant for Norway, Denmark, Holland, Greece.

**Keep On Backing the Attack With War Bonds**

by merely neglecting to pass judgement upon any protest coming before it.  
As the case goes before the United States Supreme Court, a recent warning uttered by Representative Hutton W. Summers of Texas, rings with new meaning: "The bulk of what are in effect our general laws are now being made not by Congress but by bureaucrats." The threat of bureaucracy to personal liberty has become real and deadly. Only Congress has the power to remove this threat.

**Call Us Monday**  
The following is an episode from the book, "That None Shall Die," as related in Nation's Business. It vividly portrays what happens when political red tape which is inherent in socialized medicine, is allowed to infringe on the medical profession.  
"A young doctor has been called late at night to see a patient with lobar pneumonia. The family tells him candidly they have no money. It proves to be a desperate case. He calls the city hospital.  
"Is the man a resident?"  
"No, he's an unemployed worker on a visit."  
"Then, that rules him out. We're not allowed to take out of town cases."  
"Next, the doctor calls the director of the socialized welfare service, asks if she can hospitalize his patient."  
"Perhaps we can arrange it. If you'll give me the name and address, I'll put an investigator on it Monday."  
"A young doctor has been called late at night to see 'Back at the bedside the doctor decides that pneumonia serum combined with sulfa-pyridine is the one chance of saving the sick man. But they cost money. He thinks the social service director again, 'I've typed this patient and find it's Type I pneumococcus. Can you arrange to finance the purchase of serum for him?'  
"I'm sorry, doctor," the impersonal voice drones, "the Government makes no provision for the purchase of serum by our department. Besides, we cannot consider helping any case without the proper investigation. Perhaps if you can call us Monday."  
"The doctor cut the Gordian knot of social medicine by buying the serum himself and administering it."

**Town and Farm In Wartime**  
Local authorities heard the lightening upon non-farmers, lessening the number of agricultural and occupational defects for them and the same time increasing the number of these defects for pre-war. It was revealed by a comparison of local bond reports for October 1 and December 1 that the number of agricultural defects had increased from 1,000 to 1,500 and the number of occupational defects from 1,000 to 1,500.

**WACS, to 11,300,000.** During October and November, an estimated 150,000 men were reclassified out of IV-F for reclassification by the armed forces.  
"What are some of the shortages which have bothered you most?" Nearly 5,000 persons throughout the country were asked this question, in a recent survey of consumer requirements made by the Office of Civilian Requirements. The most serious inconvenience and hardship is caused by the shortage of alarm clocks, although shortage of food affects the greatest number—followed in order by numbers by elastic, refrigerator cover, textile products, and alarm clocks. "Most of the needs brought out by this survey can and will be met," Arthur D. Whiteside, vice-chairman of OCR, said.

**Address Ration Book.** Hundreds of lost ration books dropped in the mails by the United States Post Office. The letter office every month because owners failed to fill in their address on the covers, according to OPA. Every holder of a ration book should make certain that his current address is plainly written in the space provided for that purpose on the cover.

**Bowles Summarizes OPA Work.** Director Bowles, OPA administrator, recently summarized the job OPA has done in 143 in holding down the cost of living.

and in distributing rationed products. A year ago, Mr. Bowles said, round steak was 3 cents higher a pound, pork chops were 5 1-2 cents higher, lamb chops 2 cents higher a pound, and leg of lamb 1 1-2 cents a pound higher. Today "meat in general is averaging about 7 per cent under the figures of Christmas 1942." Food prices, in general, Mr. Bowles said, "average out almost exactly the same as last March. Rentals have also remained about the same for the past year. . . . On clothing . . . prices are up by 5 1-2 per cent since Christmas a year ago. . . . Today, the cost of living stands approximately the same as it was eight months ago. That is a record the whole country can be proud of, because it is the first time since January, 1941, three years ago, that the cost of living has been held so stable for long."

**"Freeze" Sweet Potato Prices.** Fresh sweet potato prices have been frozen at all levels, from country shippers through retailers on the basis of the individual seller's "high" for the five-day period from December 17 through December 21, 1943. This action was taken by OPA because the prices at terminal markets recently had been advancing at an

**MAKE YOUR CAR SHIPSHAPE FOR SUMMER -SINCLAIR-ize**  
Making your car Shipshape for Summer will save wear. Sinclair-ize service will make your car Shipshape as its manufacturer recommends. You need this service now, as never before. No new cars are being made. So better not take any chances. Have your car Sinclair-ized right away.  
**SINCLAIR-ize SERVICE INCLUDES THIS:**  
To save wear on gears, transmission and differential are filled with summer Sinclair lubricants. Special Hypoid lubricant is used for Hypoid gears.  
To save engine wear, crankcase is filled with Opaline Motor Oil. It stands up, lasts so long it saves you money. Sinclair Pennsylvania Motor Oil if you prefer at 5¢ more per quart.  
To save tires, tires are inspected for cuts and bruises, inflated to proper pressure.  
To help prevent accidents, front wheels are removed and lubricated if your car manufacturer recommends.  
To help prevent overheating, radiator is cleaned of anti-freeze, rust and sludge.  
To save wear and help prevent squeaks, chassis is lubricated with special Sinclair lubricant.  
To give better performance, save gasoline, spark plugs are cleaned and adjusted. Battery and oil and air filters are checked.

GIRL SCOUTS HOLD CHRISTMAS PARTY

Girl Scouts of Troop Two held a Christmas party and gift exchange at the Scout Hut last Thursday night with the scout leader, Mrs. Ruth Peebles accompanying them. A large Christmas tree was a feature of the Yule decorations. A gift exchange was held.

Refreshments were served following the gift exchange and girls went to various homes singing carols.

The committees in charge were: Louise Friedheim, Mary Williams, Louise Hamilton and Joyce Tedder, refreshments; Mary Eleanor Kidder and Joe Hooker, carols; Maxine Parker, Santa Claus and Cleo Taylor, Santa's assistant. Others present were Darlene Moore, Helen Friedheim, Carline Cole, Grace Eggleston, Ruth Caldwell, Mary Frances Hicks, Louise Wanda Johnson, Billie Watson, Martha Parker and Dolly Rutledge.

JAMESON'S HONOR CHOIR WITH TURKEY DINNER

Rev. and Mrs. Jay O. Jameson entertained members of the Jameson Honor Choir with a turkey dinner Monday night. During the evening games were played.

Those attending were Miss Louise Hollingsworth, Miss Betty Ann Hill, Misses Maxine and Mary Eleanor Kidder, Ralph Kidder, Joe Hooker, Miss Christine Taylor, Miss Dorothy Carver, Miss Dolly Rutledge, Miss Joy Lou Bailey, Miss Glennia Betner, Miss Margaret West, Miss Ruth Haines, Rev. and Mrs. Walter Cross of Gainesville, Miss Ruth Jameson of Camp Blanding, Ga. and Mrs. Sadie Sausman of Bunkerton, Pa.

MURPHY-MULLER

A keynote of simplicity marked the lovely ceremony that was solemnized at the Community Methodist church on Christmas Day when Miss Barbara Murphy became the bride of Sergeant Arnold Muller. Rev. Jay O. Jameson read the impressive service with only the relatives and most immediate friends of the couple attending.

The bride wore an ensemble of white, with accessories of white and a corsage of red radiance rose buds. She is the daughter of Mr. and Mrs. F. M. Murphy, formerly of Belle Glade, and now living in Miami. She attended school here and was graduated from Miami High and the LaFrance Beauty school. Sgt. Muller came here several years ago with his parents, Mr. and Mrs. Peter Muller from their former home in Chicago. He attended school here and was later associated with his father in the contracting and building business until he enlisted for service with the armed forces about two years ago. He is now stationed at Drew Field, Tampa, and the couple will make their home there temporarily.

Immediately following the ceremony an informal reception was held at the home of the groom's parents, with his sister, Mrs. Joan White and the bride's sister, Mrs. Lester Young of Miami assisting.

The lace covered refreshment table was centered with a large wedding cake that bore a miniature bride and groom. The Christmas motif was carried out in the house decorations.

Others attending were the bride's parents, Mr. and Mrs. F. M. Murphy, Peter Muller, Jr., of Lakeland, Rev. and Mrs. Walter Cross of Gainesville, Mrs. Sadie Sausman of Bunkerton, Pa., Miss Ruth Jameson of Camp Blanding, Ga., Mr. and Mrs. S. B. Gurkin, Mr. and Mrs. A. J. Richmond and Mrs. Jameson.

SOUTH BAY BEAN CITY LAKHARBOR

Mrs. Anna Keene, former member of the Junior High faculty at the South Bay schools, now teaching in Orlando, visited friends here during the holidays.

Pvt. Ernest Yates of Camp Murphy, Mr. and Mrs. C. Yates of Quitman, Ga., Ray Yates of Ft. Lauderdale, Mr. and Mrs. John R. Crow and son of Moore Haven were the Christmas guests of Mr. and Mrs. P. E. Goodbread.

Mr. and Mrs. Isben Corbett, V. L. Corbett and children, Evelyn and Buddy, of Jacksonville visited relatives and friends here during the holidays.

Mr. and Mrs. W. G. Bowen

MRS. KENNETH MAINES  
Mrs. Kenneth O. Maines, Hunter Field, Ga., who until her recent marriage was Miss Florence Bush, Mrs. Maines lived in Belle Glade for several years and has a wide circle of friends here.

Sony and Ronny, returned on Monday from Savannah, Ga., where they spent the Christmas holidays.

Robert S. Butler spent the holidays with his family at Round Mountain, Ala.

Billy Baarden, Junior Walker and Willie Warren have gone on a camping trip near LeBel.

CINEMATIC CHATTER

By Malcolm Miller  
The Owl show, Saturday and the Sunday-Monday screening brings one of the best story of a successful American producer that has ever been known to the American stage, George Cohan.

"That picture is 'Yankee Doodle Dandy', starring Gene Cagney, Joan Leslie, Walter Hutson, Frances Langford and Richard Whorf with a huge cast of featured players.

Of all the musicals produced in recent years 'Yankee Doodle Dandy' is said to be the cream of the crop and I'm sure all patrons will enjoy this great picture.

"Good Luck Mr. Yates," the picture that was scheduled to have been screened some time back but failed to arrive, will move in for the Tuesday-Wednesday run.

It stars Claire Trevor and Edgar Buchanan, carries a reorganized cast of featured players and tells the story of those men

Air Wacs who work at U. S. Army Air Force fields often find themselves at "on the line" where the planes land. Here five Air Wacs greet an incoming pilot at AAF training field in Texas.

### FIGHT AND WRITE

(Continued From Page 1) what we could do. One of those Jap planes we felt so close to us that one of the machine gunners took a deep breath and said, "He was so close you could have hit him with a tater!"

"One of the truly great sights of this cruise was the ship shooting all her guns at one time. What a noise and what a reaction when they hit. But, I guess the Japs could tell you

more about that. For a while, a few days perhaps, there will be games ashore; movies out on deck in the evening, our orchestra will swing out with new tunes and we will rest. But the rest is going to be tough on the Nips—we will be ready for them with all the more zeal and fire-power when we catch them again. And one thing you can be sure of is this, we will catch them."

"So after the noise of firing at planes and other enemy targets, the hardships of sleeping on deck, after the heat of a boiling hot sun, it is very pleasant today to sit down to a Thanksgiving dinner. We are doing our part here to hasten the end of this war. Every day brings us closer to Tokyo and you can bet the day we put our first gun on that city of the Rising Sun will be a day of Thanksgiving for us all."

## AMERICAN HOUSEWIVES WASTE enough food to feed AN ARMY OF 10 MILLION

- by buying too many perishables at one time
- by overcooking or burning
- by not using left-overs
- by not using all edible parts of food—tops of greens, heels of bread, etc.
- by forgetting food stored in the back of the refrigerator

These are some of the ways 15% of all food bought by the average family is wasted  
**waste now means want later**

### THE OLD JUDGE SAYS...

"The men overseas don't mind any words about the way they want to find this country when they come marching home... do they, Judge?"

"They certainly don't, Herb...and they shouldn't. They're doing a material job fighting over there to protect our rights and they have good income to expect us to protect these back here at home. One thing they're sure clear on is their stand on prohibition."

"I saw in the paper last the other day the results of a poll taken among American

service men in England by the British Institute of Public Opinion. They asked hundreds of men point blank how they would vote on prohibition, 85% of them stated, in unmistakable terms, that they would vote against it. There's no doubt about it, Herb...the men overseas don't want any action taken on that subject while they're away."

"And they're 100% right, Judge, because I know how I felt when I came home after the last war—only to learn that we had been over there fighting for so impractical a thing as Prohibition."

**IN ICY BLASTS**  
at temperatures 30 or 40 below... in blinding blizzards... our marching drills of men, the men behind the gun push on forward... THE T-64 A JOB TO DO!

**IN TORRENTIAL RAINS**  
with torrents of mud falling from the sky every day... across swamps, bogs... in sudden cloudbursts our fighting men with machine guns... THERE'S A WAR TO BE WON!

**IN JUNGLE HEAT**  
... through brawling dogs and biting snakes... with danger and death lurking at every step... through the dense growth of tropical woods they press onward... THERE'S A FIGHT TO BE LICKED!

**THEY**  
Have a Job to do... and They're Doing It!

### Waste Paper Needed To Ship War Supplies

Brown paper bags from the corner grocery store, cartons, and discarded newspapers, salvaged from American wastepaper baskets, are in the Army now. Transformed into cartons, special moisture-proof paper, and paperboard they protect all types of Army equipment shipped to the fighting fronts.

Radio tubes used by the Signal Corps have three parts—an easily shattered glass envelope, fine wire or brittle metal, and a breakable base. They must be carefully packed. To shockproof the smaller tubes, cardboard collars are used to keep them upright and suspended.

Glass and porcelain insulators are safeguarded against shock by large amounts of cushioning paper in the form of scrap and remnants.

The constantly increasing use of brown wrapping or Kraft papers for shipping medical supplies is a guarantee to the soldier in combat that First-Aid dressings and anti-infection sulfadiazine tablets will reach him in prime condition.

Paper for military needs is a war weapon. Civilian use of paper must be reduced. Not a scrap of paper of any kind can be wasted.

### LEGAL NOTICES

## We ON THE HOME FRONT HAVE A RESPONSIBILITY, TOO!

It's up to us to make sure the men on the fighting front have the arms and equipment to win... by buying more and more War Bonds and Stamps... by increasing production... by eliminating ALL waste... of food, rubber, and critical metals... of electricity.

Wasted electric service means wasted manpower, fuel, transportation and essential materials. Those things are needed in the production of electricity as well as in the production of essentials for our fighting fronts. That's why it is so important that we conserve in our use of electric service. Yes, use all the electricity you need for essential home purposes, but be sure you need what you use.

## Outlook for A HAPPY NEW YEAR

**1944 VICTORY**

THIS year's baby New Year was born with a uniform on, but let's hope, and work, and pray to the end that his successor will step jauntily into our lives attired in the customary three-cornered pants of peacetime! There's a long hard pull ahead of us—we all know that. But with unflagging effort, unceasing cooperation and unfailing belief in the fundamental "rightness" of our principles, the end will surely be a total Victory for the Allies!

**Buy More War Bonds and Stamps This Year**
